

# Premium Disposable SBPP Nonwoven Fabric Rollstock

## PPE Nonwoven Rollstock for PPE Converters

Available as rollstock in various widths, diameters, and colors, Barricade PPE fabric is sold to converters to produce isolation gowns, medical underpads, disposable food service, industrial apparel, and more. Designed for a variety of applications, this disposable fabric allows caregivers protection, comfort, and value.

**Barricade PPE Nonwoven Fabric is manufactured in the USA and able to meet Berry Amendment compliance for Department of Defense (DOD) and other government requirements.**

## Markets

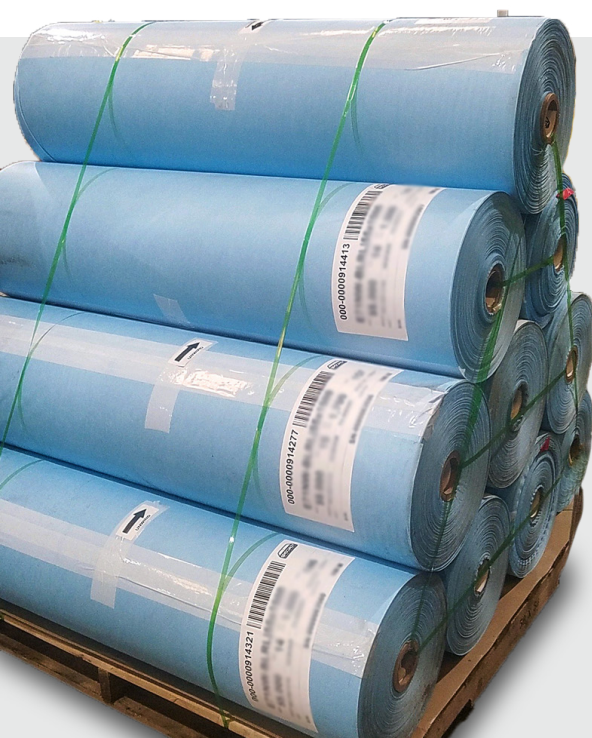

- Isolation Gown Manufacturers
- Medical Underpad Manufacturers
- Personal Protective Equipment (PPE) Manufacturers
- Cubicle Curtain Manufacturers

## Benefits

- Water vapor breathability for added comfort
- Fluid & stain resistant
- Latex-free
- Lightweight & durable material
- Processing: Heat sealable, ultrasonic welding, impulse welding, or sewn seams

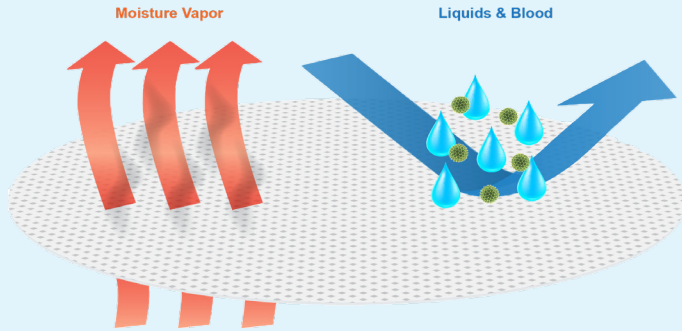

### Quality Fabric, Quality Gowns

This nonwoven gown material offers converters quality material for gown processing, with smooth die cuts resulting in efficient run times.

# Active Protection & Comfort

Barricade Nonwoven PPE Fabric is manufactured with protection and comfort at the forefront. Our proprietary coating process allows the release of hot moisture vapor from inside the material, while maximizing exterior resistance to liquid penetration.

**Breathable & Lightweight**

**Berry Amendment Compliant**
